## Call for volunteer Welsh translators!

Until now all our publicity and promotion has been in Welsh and English – using professional translators – but we’ve no further funds to pay for Welsh translation. We really want to continue in Welsh and English so we reach communities across Wales...

...but we need your help!

Coleridge in Wales is seeking volunteer English - Welsh translators for the festival publicity material (short paragraphs) as we tour all over Wales for 80 days

This opportunity is part of a summer **Coleridge in Wales** adventure that explores hidden Welsh treasure and celebrates local communities, imagination, spirit, landscape and hospitality.
